

Tab Navigation:

The tabs listed at the top of each dashboard correspond to different views within the dashboard. Click on a tab to navigate to a view.

Notes Tab:

Each dashboard contains a tab "Notes" that contains details on relevant notes, key definitions, data source(s), and the last updated date.

Information Icon:

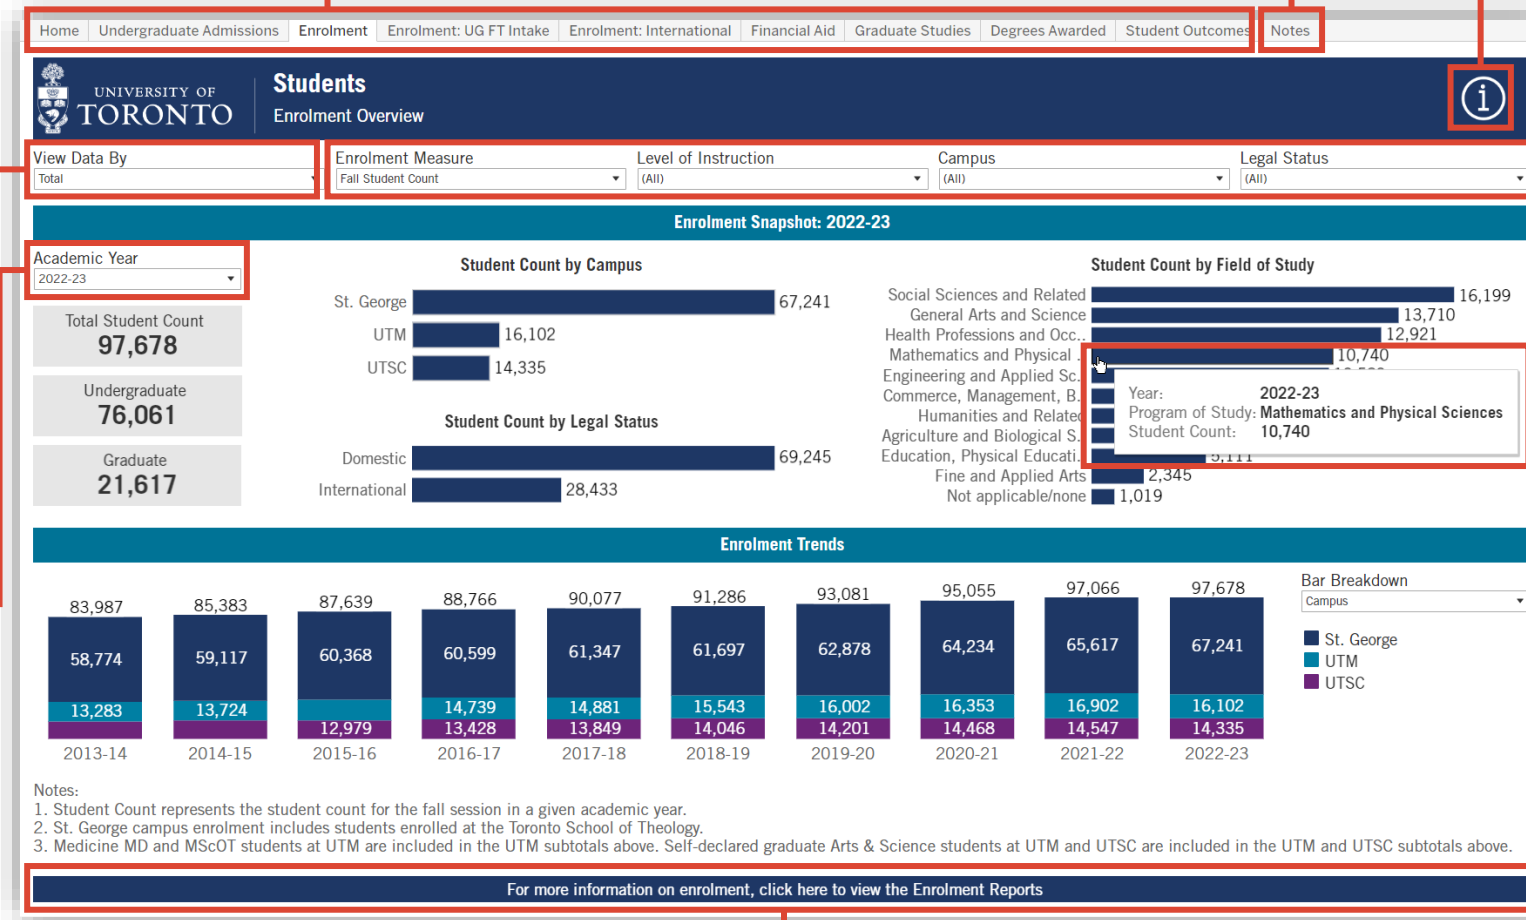

Some dashboards contain an information icon in the top right corner that when clicked opens a pop-up containing key definitions.

Select Measure Displayed:

Some dashboards have dropdowns that allow users to switch between how the data is displayed in the dashboard (e.g., viewing the data total counts or percentages of the total).

Visual-specific Filters:

Filters that appear under a specific section only apply to the visuals within the section.

Dashboard Filters:

Filters listed at the top of the dashboard allow users to filter the data displayed in the entire view. Filters can either be single-select (i.e., only one value within the filter can be selected) or multi-select (i.e., multiple values can be selected).

Hovering:

Hover your mouse over the parts of a graph, table, or card to reveal a tooltip with additional details about the data element.

Bottom banner: Some dashboards/tabs have a button on the bottom of the page that links to a report with more detailed information on the topic. Click on the bottom banner to be redirected to the related report(s).
